

Sava Catch Bags are used to "catch" the vehicle when uprighting it for a soft landing and to prevent secondary tip-over. They are built to prevent dangerous and uncontrolled descent of any vehicle or object. Perfect in combination with Sava low-pressure bags.

Good stability in all conditions

Special air-release openings

Extremely durable

Quick assembly and disassembly

TOWING-RECOVERY SETS

LONG HEAVY VEHICLE SET

LOW-PRESSURE BAGS	
2 x MS 45	527296
4 x MS 210	527298
1 x Controller FKA-6	545632
1 x Compressor/blower	545639
6 x Inflation hose, yellow 10m	545635
1 x Inflation hose, black 10m	545637

CATCH BAGS	
3 x SCB-1	574577
3 x Inflation hose 10m	574578
1 x Blower	574580
1 x Three-way distributor	574579
1 x Blind coupling	574581
1 x Repair kit	578468

HEAVY VEHICLE SET

LOW-PRESSURE BAGS	
1 x MS 45	527296
2 x MS 210	527298
1 x Controller FKA-4	545631
1 x Compressor/blower	545639
3 x Inflation hose, yellow 10m	545635
1 x Inflation hose, black 10m	545637

CATCH BAGS	
2 x SCB-1	574577
